## CHILDRENS' DAY.

Children's Day exercises were held at the Presbyterian church at Danbridge last Sunday with an overflowing attendance and very gratifying collection—the largest ever taken there. The exercises consisted of marches, songs, recitations, pantomimes and dialogues, some of which were the composition of the pastor. It seems that the prayer and aim of the superintendent to bring the attendance to 150 is to be realized as it is now crawling up rapidly to it.—Tribune.

## PIONEER MEETING

To Be Held at Old Court House in Maumee.

The executive committee of the Maumee Valley Pioneer association and the trustees of the Historical association met in Perryburg last Saturday and discussed means and methods for the preservation of Fort Meigs, Fort Miami, Fallen Timbers and other historical points in Northwestern Ohio.

About the only step in this direction that has been definitely settled is in regard to Fallen Timbers. Turkey Foot Rock, where it lies at the foot of Presque Isle, will be placed on a stone foundation, surrounded by an iron fence and a tablet placed on the same setting forth its history. The site will be between the highway and the electric line, where the rock lies, and a driveway will be constructed around the enclosure.

It was also decided to hold the next annual meeting of the two pioneer organizations at the old court house in Maumee on September 10.  
A committee was appointed to meet at Fort Meigs on July 4 and look over the ground with a view to determining how much ground should be set apart as historic grounds.

Those present were D. K. Hollenbeck, Geo. McKnight, J. L. Pray, D. C. Van Voorhis, C. W. Evers, J. B. Wilson, O. W. Ballou, D. P. Cook, G. H. Blaker, Justice McDonald, J. R. Van Rensselaer, W. C. Corlett and N. L. Hanson.

**Seven Years in Bed.**  
"Will wonders ever cease?" inquire the friends of Mrs. L. Penso, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but "Taraa bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. C. P. Champney, Only 50c.

## TOLEDO AMUSEMENTS.

**At the Farm.**  
The several players who comprise next week's bill for the Farm theater will come here as widely praised as those who appear on the current program, and Manager Klivos has reason to expect another week of large and satisfied audiences. Ed Latell will be the topliner, and his specialty is expected to show how the familiar instrumental musical sketch of the vaudeville stage can be converted into a decided novelty by a judicious admixture of cleverly conceived comedy. Mary Dapont and company will offer a vivid dramatic sketch, "The Crimson Mask," by name, that is reputed to be one of the most popular comedies of the kind. Hal Sturtevant, the comedian and monologist, is a particular favorite with Farm patrons. Other bookings include the Major Sisters, Lido Townsend, a soprano singer, and Relian and Burden, burlesquers of known merit and prestige.

**"Kendall Week" at the Casino.**  
No season at the Casino would be complete without the appearance of Ezra Kendall. That famous favorite of the Lake Erie Park theater is coming next week, and already Manager Burt is preparing to handle the crowds that invariably characterize "Kendall week" at the Casino. Kendall is recognized as being without a peer as a monologue entertainer, as much for his ability as a creator of comical "patter" as for his peculiarly effective methods of holding the attention of any audience to his very last word. Mr. Kendall's associates on next week's bill will include Mr. and Mrs. Harry Thorn and company in the comedy sketch "An Up-town Flat"; Lee and Chapman in the acrobatic absurdity, "Wanted: A Donkey"; the DeArville Sisters, singing, calisthenics and acrobatic dancing; John H. Mack, monologist and banjo expert, and Edith Doyle, in selections from popular light operas.

**How to Avoid Trouble.**  
Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by C. P. Champney, Druggist.

The same committee was authorized to put down a stone crossing each side of Front street on Elm street.

The Council discussed the advisability of offering reward for the arrest and conviction of the party or parties who shot Arthur Finkbeiner when attempting to rob him two weeks since, and it was finally decided to make the reward of \$500, of this sum Chris. Finkbeiner offers to pay \$100.

The Council made the following tax levy: For lighting fund 3 1/2 mills; improvement fund 2 1/2 mills; general expense, 3 mills; library, 1 mill; sinking fund, 3 mills; interest fund, 6 1/2 mills; total, 19 1/2 mills.

## Interesting to Asthma Sufferers.

Daniel Bante, of Ottumwa, Ia., writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market, and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief, and I will never be without it in my house. I sincerely recommend it to all." C. P. Champney.

Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." ## PERRYSBURG OIL CO

Secure a 50-Barrel Well on the Myers Lease.

The Perryburg Oil company have secured a good well on the Myers property in Webster township, east of Dowling.

They struck the Trenton at 1250 feet, and drilling was continued 70 feet lower.

The well made two flows before tank age could be connected, when it filled a 100 barrel tank in the first 24 hours. There is a good supply of gas. Another well will be located on this lease at once.

Coast & Sitt are fitting up for drilling which will commence Monday on the Loesch property (a part of the old Seaboard tract) south of Perryburg, more than a mile to the north and east from the operations of Sitt, Montgomery & Sitt, in what is known as the north Haskins field. The gentlemen have secured more than a thousand acres surrounding the test. Three lands are all leased at one-eighth to 10 barrels, and over 10 one-sixth royalty. The business will now be pushed with greatest possible vigor.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## VIRTUES OF THE MILK SNAKE.

A Docile Creature That Will Quickly Rid the House of Rats and Mice.

"A milk snake came into my back yard the other day," said a man from the country, relates a Chicago exchange, "and much to my sorrow and indignation my hired man grabbed a club and killed it."

"If people who live where the milk snake abides only knew the possibilities of that mild-mannered, docile creature, they would not try to kill every specimen of the species they met. The milk snake would become a great deal more useful and give more pleasure as a pet than a house cat, if people only would give it the chance. Mice and rats will soon hunt for other quarters if you let a milk snake introduce itself into your household and leave it to its own methods, and your baby would cease crying if you had a milk snake to amuse it."

"We once let one of these snakes remain undisturbed in our house, into which it had come timidly, but confidently, one day, and it became so tame that it would drink milk out of a cup held in the hands of any member of the family, and was plainly pleased when it was stroked or fondled. It was an excellent mouser, and our old cat got to be so jealous of the snake that he would hump his back and spit and swear outrageous whenever we petted it or even praised it."

"The snake made all sorts of overtures and attempts to be friends with the cat, but the cat wouldn't have it, and I always thought it was the cat that at last made away with the snake, although my folks said it was a strange dog that did the deed. I found him in the back yard one day, dead, and badly mauled, and there was great grief in the household over his taking off."

## Read it in His Newspaper.

George Schaub, a well-known German citizen of New Lebanon, O., is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. P. Champney, druggist.

## A VARIOUS ASSORTMENT.

A person with a good sight can see another person's eyes at a distance of 80 yards.  
A nickel coin without any value expressed on it was struck in 1883, and corrected at once.  
The English acre is 4,840 square yards; the Irish 7,840 square yards; and the Cornish, 5,760 square yards.

There are 6,159 establishments in the United States with 46,647 acres where flowers and ornamental plants are cultivated.  
Nine British sovereigns have begun and ended their reigns on the same day of the week. Of these both Henry I. and Richard III. both succeeded and died on Sunday.

There is no commercial or other authority that permits a person who has accepted a note in payment of a bill and has had it discounted to charge the discount to the drawer in a subsequent bill.  
Congressman Charles F. Scott has received a demand from a Kansas woman for the passage of a law "to compel keepers of hotels or sleeping rooms to keep on each bed four quilts and one blanket, each quilt to contain not less than five pounds of cotton batting (not coarse hair), and to be covered with at least 14 yards of cloth (seven yards on each side), two and one-third yards long and at least two yards wide, and the blanket to weigh at least two pounds; this covering is to be kept on the beds from September 10 to May 1."

Didn't Marry for Money.  
The Boston man who lately married a sickly rich young woman is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for jaundice, biliousness, malaria, fever and ague and all liver and stomach troubles. Gentle, but effective. Only 25c at C. P. Champney's drug store.
